RUSSIANS CAPTURE TWO AUSTRIAN FORTS

Paris, Sept. 8.—The Austrian

London, Sept. 8.—In the eastern
theater of war the Russians are
throwing their forces against the
first Austrian army, which for three

Lemberg contain the statement that
the Russians took 82,000 Austrians
prisoners.

invasion of Bosnia, and has crossed
the river Save near Zvornitch.

BELGIA REPORTS FROM EASTERN THEATER.

Washington, D. C., Sept. 8.—Ad-
vices from Berlin to the German em-
bassy at Washington say that the
Austrian eastern army, advancing on
Russian territory, repulsed a violent
Russian attack and captured 600
prisoners; while the Servians tried
to break into Croatian territory near
Mitrovia where about 5,000 Serbs
were taken prisoners, and much war
material was captured.

Turks Concentrated.

Reports say the Turks are concen-
trating 80,000 men along the Thra-
cia lines, outside Constantinople,
with the view of opposing a possible
Russian landing on the coast of the
Black Sea.

ATTEMPTING TO ANNIHILATE AUSTRIANS

Rome, Sept. 8.—A dispatch from
Vienna says: General Ruzsky's
forces, following their capture of Lem-
berg, are today engaged in a desper-
ate attempt to annihilate Gen. Auf-
enberg's army, against which the
Russians executed a flank attack. The
battle has already continued three
days and is likely to continue several
more.

REINFORCEMENTS FOR AUSTRIA REACH POSEN

London, Sept. 8.—A Petrograd dis-

ELKS' CLAM BAKE WAS UNQUALIFIED SUCCESS

TWO THOUSAND MEN SPENT A
HAPPY DAY AT ANNUAL
PICNIC.

PLENTY OF "EATS" AND FUN

Music, Vaudeville and Wrestling Pro-
vided Amusement for the Crowd
During the Day.

The prediction of the committee
that the fourth annual clam bake of
the Dixon Elks, which was held Mon-
day at Schorr's park on the Truman
farm, would be the largest ever held
by the lodge was amply justified by
the bake; for fully 2,000 men en-
joyed the day's festivities from early
in the morning until late in the af-
ternoon despite the cold and
threatening weather conditions and
the rain which fell in the afternoon.

And the "eats" were sufficient for
the crowd. The committee had pre-
pared for over 2,000 and therefore
everyone got plenty to eat, and it
was all eatable, too; clams, chow-
der, sandwiches, chicken, sweet corn,
potatoes, etc., were cooked well and
satisfied the hungry pleasure seek-
ers; while music by the Savanna
band, which accompanied a delega-
tion from that city, the Marquette or-
chestra, the Frisco Male quartet of
Chicago, stunts by a clever young ma-
gician from the city, and two swell
wrestling matches furnished plenty
of amusement. And the politicians
were there in force, too, to keep the
voter from forgetting that he has
responsibilities at the primary elec-
tion to be held tomorrow.

Wolfe Won Bout.

The main wrestling bout was be-
tween Red Wolf of this city and Kid
Upshaw of Rockford. The two
boys put up a splendid match. Wolfe
finally winning in two straight falls,
scissors hold on the arm and body
accomplishing the trick both times.
The time was 12 and 16 minutes.

The preliminary was between Pet-
erson and Mullinberger, Peterson
winning in 45 seconds and 2 minutes.
Both falls were given on bar arm
holds. Harry Emerson of Oregon was
referee and J. J. Clancy of Fulton
was timer.

Transportation facilities to the
park were ample and in every way
the day was one to be long remem-
bered by those who attended. That
everything should have been accom-
plished so thoroughly and so orderly
is a credit indeed to the members of
the house committee of the lodge and
to those who assisted them.

NORTH DIXON SCHOOLS STARTED MONDAY

ENROLLMENT AT CLOSE OF THE
FIRST DAY LARGER THAN
A YEAR AGO.

morning resume their sessions after

of the institution being 486 at the
close of the first day's sessions. Of
this number 82 are in the high school
but it is expected this enrollment will
be augmented before the week is com-
pleted. Prof. Hagen starts his first
year in Dixon with a larger enroll-
ment than last year, and with every
indication of a successful school year.

RURAL CARRIERS HELD MEETING

The Rural Letter Carriers' Associa-

nam of Aurora was present and gave
an address. In addition to the Lee
county members, four carriers were
present from Whiteside county.

PRESIDENT SETS SUNDAY, OCT. 4 AS PRAYER DAY

ISSUES A PROCLAMATION TODAY
TO PEOPLE OF UNITED
STATES.

ASKS UNION OF PETITIONS

That Almighty God Restore Concord
Among the Men and
Nations.

(Associated Press)

Washington, D. C., Sept. 8.—The
people of the United States were to-
day asked in a proclamation signed
by President Wilson to pray for peace
in Europe. Sunday, October 4, was
set aside as the day for prayer by the
president.

The proclamation says in part: "I
designate Sunday, the fourth day of
October next, a day of prayer and
supplication, and request all God-
fearing persons to repair that day to
their places of worship, there to unite
their petitions to Almighty God, that,
overruling the counsel of men, set-
ting straight things they can not gov-
ern or alter; taking pity on the na-
tions now engaged in this conflict; in
His mercy and goodness showing way
where men can none, He vouchsafes
His children healing peace again and
restore once more concord among
men and nations."

CARPENTERS WILL HAVE ANNUAL PICNIC

LABOR DAY EVENT AT ASSEM-
BLY PARK WAS MOST
ENJOYABLE.

So successful was the Carpenters'
picnic at Assembly park on Labor
addresses by P. J. Carleton, Rock Is-
land, the carpenters, their families and
friends, that it was determined to
make the picnic an annual affair and
accordingly President D. M. Sawyer
and Secretary S. J. Friedline, will
hereafter arrange for the picnics.

The picnic dinner was of course
one of the big features of the day and
there were also enjoyable sports and
addresses by P. J. Carleton of Rock Is-
land, Attorneys H. A. and C. C.
Brooks of Dixon and A. E. Roberts,
also of Dixon. Mrs. Carleton
and daughter were here with Mr.
Carleton from Rock Island.

LEE CENTER BOY IS INJURED BY AN AUTO

MACHINE DRIVEN BY DIXON AT-
TORNEY HITS LITTLE SON OF
MR. AND MRS. VIVIAN.

Lee Center, Sept. 7.—Harold Vivian,
the eleven year old son of Mr.
and Mrs. John Vivian who reside
southeast of Lee Center, was struck
and painfully hurt Saturday by an
automobile driven by Attorney John
E. Erwin of Dixon, who was a mem-
ber of a tour conducted through a
part of the county by a few mem-
bers of a political party.

The accident was unavoidable and
according to witnesses Mr. Erwin did
all in his power to avert it. The
lad was running across the street for
papers which had been thrown from
other autos in the party and he ran
in front of Mr. Erwin's car. Al-
though the attorney made every ef-
fort to stop his machine he was un-
able to avoid striking the lad, who
was knocked down in such a manner
that the machine passed over his
legs. One limb was badly cut, while
painful bruises about the body re-
sulted from the accident.

HAD OPERATION.

Ed Hooker, of the Manhattan res-
taurant, submitted to an operation at
the Dixon hospital this morning for
the removal of his tonsils.

ATTENDING PRESBYTERY

Rev. H. A. Holland, pastor of the
First Presbyterian church, has gone
to Kewanee to attend the Presbytery
meeting and consequently there will
be no prayer meeting at the church
this week.

Miss Maggie Murphy is visiting in
Chicago.

BUGGY HIT BY AUTO DRIVERS ESCAPED

MT. MORRIS AND OREGON MEN
WERE HURT MONDAY
EVENING.

COLLISION ON GALENA AVE.

Automobile Crashed Into Vehicle and
Threw the Occupants to the
Pavement.

W. A. Feary of Mt. Morris and G.
Arsonette of Oregon were painfully
hurt when an automobile, the occu-
pants of which are unknown, collided
with a buggy in which they were driv-
ing home, on North Galena avenue,
between McKinney and Morgan
streets at about 8 o'clock Monday eve-
ning. The drivers of the automobile
who, according to all accounts were
at fault for the accident, made their
getaway under the spoken pretense of
"going for a doctor," and as the num-
ber of their car could not be gotten
because the lamps were not lighted,
it is probable it will never become
known who they were.

Messrs. Feary and Arsonette had
been here to attend the Elks' clam
bake and were enroute home when
misfortune befell them. The big auto
following them north on North Gale-
na avenue, crashed into the buggy
from the rear, tipped it over, throw-
ing both occupants out and breaking
every wheel off the vehicle.

The occupants were thrown out
forcibly and sustained painful bruises
and cuts but fortunately were not se-
riously hurt. The occupants of the au-
tomobile stated that they would go
for a doctor immediately, but did not
return, and accordingly the two in-
jured men were taken to the Bishop
Hotel where a surgeon dressed their
wounds. This morning they arranged
to have the buggy repaired and re-
turned to their homes.

CANDIDATES WERE IN PULPIT SUNDAY EVE.

UNIQUE AND INTERESTING SER-
VICE HELD AT EMANUEL

was the scene of an unique and in-
teresting service Sunday evening when,
at the invitation of the pastor, Rev.
L. B. Tobias, several of the candi-
dates for office at Wednesday's pri-
mary election made short talks, per-
taining, in most part, to political and
Christian life. The church was crowd-
ed to capacity and the speakers all
gave good addresses. Those who
spoke were:

County Superintendent L. W. Mil-
ler, Deputy County Clerk Fred G.
Dimick, Editor Frank Stevens, Harry
Fordham, Evan L. Reed, Attorney
John B. Crabtree, John E. Moyer and
W. Frank Preston.

MAYOR OBJECTS TO TACTICS OF LOCAL POLICE

TELLS OF RECENT CASE IN
WHICH HE DECLARES RIGHTS
WERE OVERSTEPPED.

RAIN MAKES STREETS ROUGH

City Water Reservoir on Dement Ave
Runs Over and Discharge Not
Properly Cared For.

The city commissioners met this
morning in regular session. A pe-
tition from Harry Osborne asking
to be allowed to erect an electric sign
in front of his place of business at
82 Galena avenue was referred to
Commissioner Gannon with power to
act.

Commissioner VanBibber reported
to the council a state of disrepair in
the street along Dement avenue from
Second street toward the cemetery
and said that complaints had reach-
ed him that funeral parties were of-
ten very much annoyed by the un-
evenness of the street in places
where a sewer had been put in and
the surface had dropped several in-
ches below the street grade. Com-
plaint was also made that the wa-
ter company's reservoir on the top
of the hill on Dement avenue was al-
most constantly running over and
the overflow was running down the
street and washing out the macadam.

Mention of a bad place in the new
brick paving on the corner of Hen-
nepin and Third street was also
made by Commissioner Schuler who
explained that plumbers had worked
there and had not taken proper pre-
cautions when they put their bricks
back.

Mayor Brinton made a complaint
about the manner in which the po-
lice force handled a case which re-
cently came up concerning the al-
leged theft of money from a boarder
who lived at a rooming house in
Dementtown.

The mayor stated that the police
went to the landlady and told her
that she was responsible for the
money no matter who stole it and
that they scared the woman into
making good the loss, which amount-
ed to considerable. Mayor Brinton
made some pointed remarks concern-
ing such sort of work and said that
the police overstepped their author-
ity and made statements that were
not in accordance with law. He
said he did not know who stole the
money but that it had not been pro-
ved that anybody did and that the
woman should not have been obliged
to make good the loss.

The council adjourned until Fri-
day morning at ten o'clock at which
time contract will be let for the build-
ing of a storm and sanitary sewer on
East Second street from Artesian
place to Noble avenue.

INDOOR BASEBALL IN DIXON THIS WINTER

ORGANIZATION OF INDOOR BASE-
BALL LEAGUE IS ASSURED—
IS GOOD WINTER SPORT.

The organization of an indoor base-
ball league in Dixon is assured, and
within a few weeks it is expected the
full make-up of the league will have
been determined and a schedule ad-
opted. Assurances have been made
that teams representing the Y. M. C.
A., the Brunswicks, and the Grand
Detour Plow works will be entered
under the respective leadership of
Harry Major, Joe Valle and Charles
Larkin, and it is hoped to have teams
from the Sandusky Portland Cement
Co., the I. N. U. and the Brown Shoe
company. The games will be played
in the Y. M. C. A. gymnasium and it
is anticipated that a great deal of
interest will result from the league
race.

The gymnasium is being gotten in-
to shape for indoor baseball, new
and stronger lights being installed,
and heavier screens put up to pro-
tect them. It is also planned to
screen the balcony so that specta-
tors will not be inconvenienced by
batted balls.

A. J. McDougall of Chicago, for-
merly of Dixon, has returned to his
home after a visit here with friends.

METHODIST PICNIC WAS GREAT SUCCESS

FIVE HUNDRED PERSONS EN-
JOYED PICNIC DINNERS ON
THE GROUNDS.

MUSIC AND OUTDOOR SPORTS

Dixon Marine Band Gave Extended
Concert in Auditorium After the
Rain Started.

The big Methodist picnic at As-
sembly Park yesterday was a great
success and in spite of the rain the
crowd in some respects was greater
than ever before, for five hundred
persons ate their picnic dinners on
the grounds. This number is the
largest that has even been known in
the history of the picnic at noon.

The afternoon crowd would have
been a great deal larger had it not
been for the threatening weather.
The Dixon Marine band gave a
concert at one o'clock and after the
rain commenced the auditorium was
opened and the band, realizing that
outdoor entertainment was impos-
sible took up the responsibility of
entertaining the crowd and gave an
extended concert. Their music was
greatly appreciated.

The ball game between the Stone
and Ahrens classes was played in
spite of the drizzling rain and fur-
nished seven innings of sharply con-
tested sport for the audience. The
final score was 11 to 12 in favor of
the Stone class. The game was
playground baseball.

At four o'clock a load of watermel-
ons arrived on the grounds and was
almost completely consumed. Even
the rain failed to dampen the ap-
petites of the picnickers for food or
fun. The day was a big success.

Many of the men and boys were
conspicuous for tags which they
wore. The tags bore the words, "I
belong to the 300." The meaning
of the line was that each wearer in-
tended to be one of the three hun-
dred men and boys who will be in
the Methodist Sunday school next
Sunday, which is rally day and is
expected to bring a Sunday school at-
tendance of at least 600 men, women
boys and girls.

that the children may attend Bradley

GERMANS ASK AN ARMISTICE

To Bury Dead and Care for Wounded
—Request Denied by the
Allies.

(Associated Press)

QUARTER MILLION RUSSIANS IN FRANCE

Rome, Sept. 8.—The Tribuna
says that there are now a quar-
ter of a million Russian troops
in France and that Emperor Wil-
liam's presence at Metz is due to
this concentration of the Rus-
sians.

THINK GEN. JOFFRE HAS GERMANS AT BAY

Paris, Sept. 8.—Leading military
authorities of the city are convinced
that Gen. Joffre is at last holding at
bay the vast German army of inva-
sion, and that the fighting will prob-
ably last a number of days.

GERMANS BEFORE PARIS ASK ARMISTICE

Paris, Sept. 8.—It is officially re-
ported that the Germans east of the
city have asked for an armistice to
bury their dead and care for their
wounded. It is understood that the
allies have refused the request.

GERMANS LOSING GROUND BEFORE PARIS

Paris, Sept. 8.—Violent encounters
have occurred on the French sector
between West Champs, Champs and Ver-
rille. The French have taken a southern point of
Forest on Argonne. The French have
fallen back at no place and the Ger-
mans have lost 250 rd.
French and British troops while
engaged in battle now possess-
ing east of Paris have taken nume-
rous prisoners, including a battalion
of German infantry.

ALLIES' LEFT WING CONTINUES PROGRESS

Paris, Sept. 8.—An official com-
munication issued this afternoon says
the left wing of the allied armies,
comprising portions of the forces de-
fending Paris has continued to make
progress. The advance reaches from
the banks of the River Oure to the
region of Dramail. The Germans
are retreating in the direction of
the Marne River between Meaux and
Laon.

IMPORTANT BATTLE IS RAGING BEFORE PARIS.

London, Sept. 8.—One of the most
important battles of the European
war continues today east of Paris,
all along the front of the allied
armies extending from Nantulle
Haudouin to Verdun.

The Germans in their turning
movement have swept through the
entire Campaigne country and five
German columns are now hurling
their strength against the front of
the allied forces, which extends a dis-
tance of 140 miles.

Meager news indicates that the al-
lies have gained decided successes
against the German right wing,
which is reported to have suffered
heavily in an attempt to cross the
River Marne.

A report which has been passed
by both the French and English cen-
sors, says a quarter of a million Rus-
sian troops have landed in France,
presumably with the object of flank-
ing the Germans in Belgian territory.

GERMANS PUBLISH ADDITIONAL CASUALTIES

Berlin, Sept. 8.—The twentieth of-
ficial list of casualties just issued con-
tains the names of 187 dead and a
thousand wounded. The total number
of German casualties thus far pub-
lished gives 2273 dead; 10,714
wounded and 3249 missing.

STARS WON SUNDAY IN ELEVEN INNINGS

DEFEATED I. N. U. IN HOT CON-
TEST AT LINCOLN PARK
DIAMOND.

Stars and I. N. U. put up one of the hottest ball games of the city league season at Lincoln park Sunday afternoon, the Stars winning 8 to 6, after eleven innings of a tight tussle, in which the advantage was first with one team and then with the other. Huber and Charles Keenan hooked up for the pitchers' work, and both pitched excellent ball. Huber had a perfect batting record for the day, getting five hits in as many trips to the plate, but his batting prowess could not be duplicated by his team mates and accordingly the victory went to the Stars who are now the undisputed possessors of second place.

INTEREST CENTERS IN NATIONAL RACE

REMARKABLE STRUGGLE BETWEEN BOSTON AND NEW YORK AWAKENS FANS.

New York, Sept. 8.—Baseball interest during the week centered again on the remarkable struggle for the pennant in the national league. Today New York and Boston are as they were two weeks ago. Meanwhile the advantage has lain for the most part with the Giants, Boston having had a clear title to the lead only once at the close of a day's play. Yesterday the teams drifted back into even terms again when the Giants dropped one game of a double header in Brooklyn, while Boston, half a game behind, was winning in Philadelphia.

Tomorrow the two teams begin a series in Boston which may tell heavily on their pennant prospects. Each team seems well prepared, the Braves having been conserving their star pitchers, Tyler, Rudolph and James as much as possible, and apparently having them in trim for the battle, while the Giants are using their bats more effectively than for weeks past.

Of the remaining two members of the pennant contending quartette, St. Louis dropped off badly during the week, winning but one game in six, and despite a victory over Cincinnati today, is six games removed from the leaders. Chicago has done better, but not so well as the leading pair, and is four games from the top.

A little interest was injected into the American league race during the week by a spurt on the part of the Boston Red Sox. Their notable feat was the taking of four straight from the Philadelphia, reducing the long lead of the Athletics appreciably. There is still an eight and a half game gap between the two clubs. However, one which it seems hardly possible for any club to wipe out at this late stage of the race, particularly with the Mack men the team to be caught.

Indianapolis had the better of the crucial series with Chicago on the latter's grounds in the Federal league race. Starting on even terms on Tuesday, with Falkenberg in his best form, the Hoofeds blanked the Chicagoans and regained the lead they had held several times during the season. Mosely shut out the Tinkerites again on Wednesday, the Chicago team, crippled by illness and injuries, suffering still more from a batting slump. On Thursday Indianapolis made it three straight errors by Manager Tinker nullifying the recovery in hitting form his men showed. Finally on Friday, Chicago won a game, though forced to go into extra innings.

WEEKLY SPORTING LETTER

Associated Press Experts Tells of Interesting Events in the
World of Sport — Live Sporting News From all over the World.

New York, Sept. 7.—The remarkable spurt of the Boston National league club which carried it from last place to a tie for first position in a little more than a month establishes a new record in major league baseball. While the Braves never seriously threatened the record of continuous victories they won strings of games ranging from four to seventeen straight with seldom more than one defeat breaking the sequence and as a result the climb from the National League cellar to a tie with the New York Giants for first place on August 24 was extremely sensational.

It is hard to fix the exact date upon which the Braves first showed signs of the rush that was destined to carry them from the bottom to the top of the league in less than six weeks.

On Monday, July 6, the club was in last place, having won 26 games and lost 40 for a percentage of .394. Philadelphia held seventh place with .467. On that date the Braves started a run of four victories and continued with few defeats until Aug. 24. During this period Boston met every other club in the league except Philadelphia, winning 33 games, losing 8 and tying one. While playing at this .805 clip the Braves scored 164 runs, 335 hits and made 54 errors, and had 285 runners stranded on the bases. The averages show that but 1 2-7 errors were made per game and one run scored for every 2 hits. The best run of victories was made between July 27 and August 6 when nine games in a row were won from Chicago, St. Louis and Pittsburgh. It is also a peculiar co-incidence that these same clubs added by Cincinnati accounted for the eight games lost by the Braves, during the period under consideration.

Nothing like this rally or rush has heretofore been recorded in the annals of the big league. The nearest approach was the dash of the Chicago White Sox in 1906, when under the management of Fielder Jones the Chicago club by winning nineteen straight games lifted itself from the seventh to first place in the American league and later defeated the Chicago Nationals in the world's championship series, 4 games to 2. Even this run fell short of the record for the major league figures were set at 20 games by the Providence club of the national league in 1884, and the minor league record of 28 games made by the Corsicana club, of the Texas league in 1902.

Billiard contests between experts always attract attention the world over, but followers of the game in the United States and Canada will be afforded an unusual opportunity within the next two months of witnessing the acknowledged profession masters of the English and American styles in an interesting series of matches, the games in which will be played alternately on English and American tables. Willie Hoppe of New York, the world's champion balk line player will cross cues with Melbourne Inman of England, who is the world's best cue-wielder at the English game of "winning and losing hazard."

The series calls for 22,000 points up, divided equally between the two styles of billiards and three distinct matches will be played. The first of these, consisting of 6,000 points, will be decided in New York, followed by another, under similar conditions, in Chicago and later a third match of 10,000 points will be played during a tour of the leading cities in Canada. Each match will be for \$1,990 a side and a winning and losing share of the gate receipts. The rules governing the American games will be 18.2 inch balk line, one shot in anchor while the "spot" and "anchor" shots will be barred in all the contests on the big English table.

The New York series will begin on September 28 and conclude October 3 and the Chicago dates are from October 12 to 17, inclusive. The Canadian dates and places of meeting will be arranged later on.

Both men have been practicing earnestly for some months, each of course paying a great deal of attention to his opponent's style of game and the matches should afford billiard lovers splendid opportunities for interesting comparisons. Twenty-one years ago, May 29 to June 2, 1893, the late Frank C. Ives, the Michigan cue wonder, who was known as the Napoleon of French and American billiards, played a series of three matches with John Roberts, Jr., the English billiard champion, the first in London, England, the other two in Chicago, and New York, at the English style exclusively. Ives won the London match 6,000 to 3,821 mainly through the "anchor" shot with two object

balls "choked" in the mouth of a corner pocket. This was a trick which Ives had learned from his tutor at the American game, the late Jake Schaefer, of Chicago, and having once secured this "position" Ives could have continued to click off caroms interminably. The English champion was prevented, under the conditions of the match, from playing the "spot" stroke more than once because he could keep counting from that position almost as continuously as Ives did with the "anchor nurse."

At Chicago, the following September, Ives defeated Roberts again, by a score of 6,000 to 5,303 under similar conditions but two weeks later they met in New York in a match of 10,000 points up, with the "spot" and "anchor" barred, and under these changed conditions Roberts won after a most interesting week's play by 10,000 to 8,738. During this match Ives surprised Roberts and all the other experts at his deftness and the "rail" nurse in which by diligent practice he had mastered the art of turning corners and passing the side pockets without pocketing a ball. In one game with Roberts far in the lead, Ives made three runs of 651, 515 and 395, a total of 1561 points at this style of play and the following day made another run of 586. On the final day of the match, although Roberts was 1,001 points in the lead, the English champion declared he did not feel that he had a safe margin as Ives was likely to run out the game with his wonderful "rail" work but Ives was unable to secure his favorite position that day and Roberts won handily.

The conditions of the coming series are unique as each man will have the opportunity of pulling up at his own style should his opponents "home" game become too strong and if Hoppe can develop the "rail" nurse to any degree of efficiency his well known ability at balk line play should give him a splendid chance of winning the larger share of the money prizes.

The passing of the 1914 baseball season is marked today by the completion of a number of the minor league baseball pennant races. Beginning with the class B leagues, and extending through to the class D division leagues in all parts of this country and Canada close with Labor day double headers. Among the most prominent associations which play their final schedule contests are the Central league; Illinois-Iowa-Indiana league; Texas state league; Tri-State league; Canadian, Colonial and Northern leagues; Atlantic league; Central association; K. I. T. league; Nebraska State league; Western association, and Western Canada league.

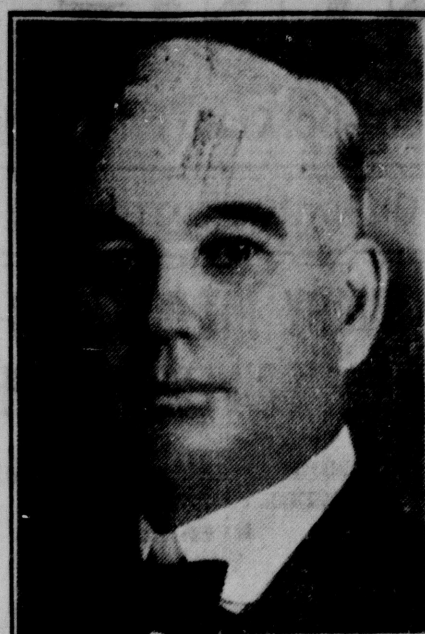

The two major leagues have still one month of play for they are not scheduled to end their flag chasing activities until October 7. Before that date rolls around every league enrolled in the N. A. P. B. L. except the American, National and Pacific Coast leagues, will have closed their season. The far western association boasts the longest period of schedule play for the Pacific Coast league began play on March 31, and continues until October 25.

At Garden City, L. I., this week collegian golfers will traverse the links of the local club in quest of the annual award of team and individual championship honors from the Intercollegiate Golf association. The first three days and probably the early part of Thursday will be devoted to the decision of the team championship title and during the remainder of the tournament a qualifying medal play round followed by rounds of match play will be the order for the individual prize. Eight teams are expected to take part in the first half of the tourney representing Yale, Harvard, Pennsylvania, Princeton, Cornell, Williams and probably Amherst and Dartmouth.

Yale and Harvard have furnished the only championship teams since the intercollegiate association was organized, Yale having won twelve times and Harvard six. Yale has held the honor since 1905 with nine consecutive victories. In the first three of these nine contests Princeton was the runner up; Harvard second for the next five seasons and the last year at the Huntington Valley Country Club, Philadelphia, Williams reached the final stage but was beaten by Yale, six matches out of three. Yale also holds the honor of having won the greatest number of individual championships; the New Haven collegians having finished first eight times while Harvard won six and Princeton four of the eighteen premier medal awarded.

RUSS VICTORIES MENACE BERLIN

(One of the most important)

AUSTRIAN LOSSES IN LAST ARE APPALLING

Washington, D. C., Sept. 8.—The British embassy says that the second Austrian army in Lublin district is suffering heavy losses. The French embassy declares the annihilation of twelve Austrian divisions during the battle of Lemberg has been confirmed.

London, Sept. 8.—Official and semi-official reports from St. Petersburg state that the Russians are encompassing Przemyśl, a strong fortress fifty miles west of Lemberg, and the last stronghold of the Austrians in Galicia.

There is little doubt in the czar's capital that the fortress will either surrender or be taken by assault within a few days. Its fall would clear the way for the Russian army in Galicia to join with the army which has been operating in East Prussia and would mean a long stride for the Russians in their advance upon Berlin.

As London Times sees it. The Times correspondent at St. Petersburg in a dispatch to his paper says:

"If the Russians are successful in overthrowing the Austrian armies in the battle still raging in southern Poland, as they did at Lemberg and Halicz, the road to Berlin will be practically clear."

"There are prospects of such a contingency having already reached far westward, and in response to the despairing appeals of the Austrian commanders more and more reinforcements are hurrying across Germany."

"Military observers here are inclined to believe that the German plans in the French theater of war must be modified profoundly because of the rapidity of the Russian successes on the Galician borders. Reliable information regarding the progress of a decisive battle which is now being fought enables me to state that the outlook is most promising. Nevertheless several days may elapse before the final overthrow of the Austrians."

"The enemy consists of thirty divisions besides whom, it may be assumed, that there are several German corps present, and it is thought that they will fight with the courage of despair."

"The danger of the enemy's position is enormously aggravated by the exposure of the right flank as a result of the destruction of their second army at Lemberg."

"On the East Prussian front there is news of the appearance of part, if not the whole, of the third Bavarian corps. The troops were installed at Allenstein, which is being reconnoitered by Russian cavalry."

MARKSMANSHIP AT AEROPLANES POOR

None of German Machines Over Paris Yet Hit.

Paris, Sept. 5.—None of the German aeroplanes which have been flying over Paris in the last few days has been brought down by the French marksmen. This fact may be due to the fact that the aeroplanes are armored, but experts here say that it more probably is due to the fault of marksmen in aiming straight for the object, which is moving from twenty to thirty yards a second. It is calculated that it takes a missile from 3 to 5 seconds to reach an aeroplane at the height of from one to two thousand yards, by which time the object would have moved a hundred and fifty yards. The experts advise, therefore, firing salvoes in advance of the line of flight, under orders of men understanding

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't stay gray! Sage Tea and Sulphur drenches hair so naturally that nobody can tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 60 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all without going, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

REPUBLICAN PROBLEMS.

The Republicans of Lee county have two important questions to decide at the Republican primary tomorrow. Two men, John E. Moyer and Clarence Reid, both of Dixon, ask for the nomination to the office of county treasurer, one of the most important offices in the county and an office for which there will be competition at the election November third. It behooves the republicans to nominate the man who will be the surest to lead them to victory in November. Both candidates are capable men who could fill the office with credit. There is no choice as to capability, therefore the Telegraph is making no recommendation. If there is a difference in the ability of the men to pull the big republican vote and administer defeat to the men on the opposing ticket, he is the man the republicans of Lee county should nominate, for this is a critical epoch in the history of the party. This fall is the time to show other faiths that the Grand Old Party still lives to dominate the destinies of this district as well as the entire nation in the wise and beneficial manner that it has since this nation has gained a position of rank among the world's powers.

For the office of sheriff of Lee county, Albert T. Tourtellott and Robert Phillips of Dixon and William J. Edwards of Amboy are the republican contenders. The situation here is identical with the situation in the contest for treasurer and the same conditions apply.

Every republican should feel his responsibility tomorrow and discharge it in a way that will not bring regret afterwards. Every last republican in Lee county must have backbone enough to take a stand and register his choice at the polls. Party interests are not the only ones that call for his presence in a voting booth some time tomorrow, but party interests alone are enough to demand his aid. Get out and vote and give your party a respectable start in a race that will terminate in glorious victory November third.

BE AN AMERICAN, AND VOTE.

It has been said that the American man or woman who does not exercise his power of franchise should be penalized, and we agree with the sentiments. It has ceased to be a privilege for a man or woman to vote on any question which the law says he may vote for; it is a solemn duty.

In a primary election such as the various political bodies in Illinois will hold on Wednesday there is often a great lack of interest, natural, too, in some cases, because of the absence of contests in certain offices. Where there is no contest your vote for the single candidate does not appear to do him material good, but just the same it is a compliment and a source of confidence to him if you cast a ballot in his favor and if you like him and care to support him, take the trouble to go to the polls and vote for him.

In the case of a contest for any office on the ticket representing your political faith you owe it to yourself, to your party and to your fellow citizen to investigate the characters of the rival candidates and on primary day make your choice at the polls, for the man who is nominated may be elected and if he is not as fit as the man he defeated at the primaries his subsequent election is as much on the heads of the non-voting members of the party that nominated him at the primary as upon the men who voted him in at the regular election.

Forget the war for an hour or so and give your attention to the needs of your community. It is as much in your own interests as in that of any one else that we ask it of you.

IMPROVING ROCK RIVER.

The Chicago Tribune, in an editorial which is mainly a sarcastic observation on the failure of Senators Lewis and Sherman to get enough out of the pork barrel to improve the creeks and mudholes of the great commonwealth of Illinois when other senators are getting the rills and sloughs in their own states improved at the expense of the government, asks why a few of the protruding rocks and riffles in the rock river cannot be removed along with those of several other streams about the state which are mentioned.

This is a question that has been put in the Telegraph oftentimes in all seriousness. That much-talked-of pork barrel helps to squander the millions of the people on a good many projects that are nothing more than a sinful waste but the improving of Rock river would be an investment that would amount to something.

PRIMARY DAY.

Tomorrow that great sifter of office seekers, the primary, will pin the medal of popularity on the proud bosoms of the few chosen from the many, and those chosen few will find second wind and go into the "finals" with spirit. Tomorrow is discard day. The elimination test. What we have left when the primaries are over are supposed to be the men whom their party has decided to be the best fit to lead them to victory. When you choose, Mr. Voter, use your brains. Vote for the man whom you believe to be the best of the candidates up for judgement. Vote for the man whom you believe to be the most capable of transacting the business of the office he is seeking and whom you believe to be the most entitled to it.

CHRIS DUFFY AT THE CLAM BAKE.

C. C. Duffy, better known as "Chris," of Ottawa, Clerk of the Appellate Court and a candidate for re-election on the Republican ticket, visited the Elks' Clam Bake. Mr. Duffy is the man who instituted the Dixon Lodge of Elks, No. 779, and his name appears on the charter.

Chris Duffy has no opposition in the republican primaries and there is no democratic candidate at all. His only opposition at the regular election will be a progressive. No democrat could be found who cared to try to defeat Chris Duffy, for Mr. Duffy is known all over the district as a prince of men and a gentleman of the old school. His is one of the few offices that the women of the district may vote for at the regular election. He surely deserves re-election.

The Vacationists

BY WALT MASON

The ones who toil, the summer through, at home, in dreary occupations, are always bored by that weird crew returning from their long vacations. There's naught more irksome to the gent, who can't forsake his tiresome labors, than stories told, with fell intent, of joys abroad, by gurgling neighbors. I toil like blitzen in my den, while others go to sea or mountain, and then, when they come back again, each mouth becomes a bubbling fountain, that pours forth yarns of wild delights, of heavenly sails on lake or river, of lovely maids and moonlit nights—and I stayed home and dined on liver! If I should ever go away, to dodge the summer's beastly weather, when I come back I'll sigh and say, "It was a nuisance, altogether! I don't enjoy the ocean's foam, nor woodlands dark, nor mountains sunny; hereafter I shall stay at home, and do my stunt, and draw my money." Then all my friends who couldn't go, will gather round me and embrace me, they'll wipe away their tears of woe, and to the soda fountain chase me.

CURRENT COMMENT

New York Telegram: Congratulations are extended to Chicago that the Federal authorities have taken up so important a matter as pure milk. It lends hope that President Wilson may yet revoke the act of the department of agriculture legalizing the sale for food of "second-class sterilized" meat. This meat is from animals with purely "local" diseases, heretofore destroyed. A new rule permits the lean meat, after cysts and lesions have been trimmed out to be cooked, sterilized, canned and sold. Do we really need this awful stuff?

St. Louis Globe Democrat: If the Democratic congressional committee wishes to avail itself of the services of representatives while the house is doing the pay of absentees it will have to reimburse them for lost salary.

Edwardsville Intelligencer: The United States will be the little old bread basket next year, say the government experts. Therefore it behooves us to sow every available foot of arable land. "There's millions in it."

New York Herald: In National league headquarters is a motto reading "Take nothing for granted in baseball." Events of recent weeks in the most spectacular race the National league has provided since its inception in 1876, have added weight to that pointed order. To those who would doubt that the sport thrives on its uncertainty facts in rebuttal are at hand.

Chicago Tribune: The vision of the three most enlightened countries of Europe destroying each other on the fields of northern France, while the Russian autocrat gathers his hordes to overrun Germany is one to terrify civilized mankind. No good can come from the fighting around Charleroi. Whichever side loses, civilization loses.

Philadelphia North American: While the kaiser goes to Paris to perfect his knowledge of the French tongue, the czar is on his way to Berlin to have the wire edge filed off his German gutters. The European thirst for knowledge goes almost any length.

NAPOLEON'S "CANNON FODDER."

Cedar Rapids Republican: "Cannon fodder" Napoleon somewhat contemptuously called his recruits. The poor devils who enlist may think they are a great part of the game but they are really not important in the eyes of their leaders, except as fodder for the cannon. When men make a charge, so many have to be killed for the guns of the enemy can kill only so many during a given time, and if during that time twice as many can be rushed up, the one-half that cannot and will not be killed will take the stronghold. The ones that are killed are the fodder that is necessary for the cannon and they are like so much debris that is piled up in a stream to enable men to get across it. It is not a glorious view of war, neither is it anything that men can boast of that their fellow men have been used for such purposes.

LILLIAN IS GETTING OLDER.

Springfield State Register: Lillian Russell's daughter has eloped with a Pittsburgh broker. This startling fact will create the suspicion in the public mind that the alluring Lillian is not as youthful as she would like to have the public believe.

CARRANZA STICKS TO PLAN OF GUADALUPE

Zapata Demands That Another Land Scheme Be Adopted.

Washington, Sept. 8.—The constitutional agency here has issued this statement:

"Advices received today by the agency from Mexico City are to the effect that the commission which Carranza sent to treat with Zapata in regard to the latter peacefully giving allegiance to the new government has reported to Carranza that while the rebel chief of the south is in sympathy and accord with Carranza that he does not desire to give his formal allegiance until he is certain that the program of agrarian reforms for which the standards will be approved by the constitutionalists.

"Zapata requested that Carranza adopt the plan of Ayala which embodies a definite scope of action in regard to the land question rather than to the plan of Guadalupe which is merely generic in its outline. General Antonio Villarreal and Luis Cabrera, who composed the Carranza commission and who were only authorized to discover Zapata's position toward the new government and not to complete any negotiations brought back this suggestion of Zapata's.

"Carranza, in a reply to Zapata, points out that he is bound to carry out the plan of Guadalupe on which the revolution was based and is not at liberty to adopt any other."

The Sterling West Ends won the first game of their inter-city series with the Brunswicks of the Dixon city league at Sterling Sunday in a game in which the Brunswicks, after having several bad breaks against them, pulled some awful base running and finally went entirely into the air.

Three most unusual records were established in this game. The Brunswicks got three consecutive hits in the eighth inning, one of them a two-bagger by Buckley, but nobody scored.

In the seventh inning poor base running resulted in a double play being made on a clean single into left field by Haley.

And Real of Sterling established the other record in the awful eighth, in which the entire Dixon team tried some Zeppelin maneuvers. He made two home runs in the session. Enough—call the next case. Score:

HENRY CLEWS, BANKER, WRITES ON WAR SITUATION FOR THE PAST WEEK

New York, Sept. 5, 1914.

The important event of the week was the extension of the moratorium in London, which disclosed evidences of plans in the course of formation which will ultimately lead to at least a partial breaking of the present deadlock. There is at present no prospect in sight of an early opening of either the London or New York Exchanges. Nevertheless, we are steadily approaching the time when partial resumption of financial operations is to be anticipated. New York is fortunately in a good position for reopening when London is ready to do likewise. Values are low and the situation here is entirely free from inflation. The greatest obstacle here to business resumption is the financial position. Our foreign exchange market though improving is still practically blocked. A little more business is being transacted in sterling, but foreign credit is still demoralized and international transactions are largely upon a cash basis. Fortunately both imports and exports are returning to more normal conditions. Trade with Germany of course is practically closed, but an increasing amount of traffic is being maintained with other countries. The exports from New York last week were valued at \$10,000,000, compared with \$8,500,000 the week before and \$12,000,000 one year ago. Our imports at New York amounted to \$12,000,000 last week compared with \$17,000,000 the previous week and \$18,200,000 the same week a year ago. These figures include New York only, which is a port where the imports are relatively larger than exports. Conditions are becoming more favorable to exports than to imports; for the dullness of trade here and the war abroad will encourage the selling of our food products and discourage the buying of foreign luxuries. Our exports of manufactures are already recovering. This means that the net result of our foreign trade will soon be a more normal excess of exports, a factor which will do much toward restraining any excessive shipment of gold to Europe. The country's gold supplies are ample and need cause no concern whatever. In the treasury there is probably over \$1,000,000,000, and we could readily spare a reasonable amount to Europe without any great inconvenience. The Bank of England is working on a reserve of \$200,000,000 and meeting far greater emergencies than exist on this side. The unfortunate feature of the situation is that the foreign demand for gold has fallen almost entirely upon the national banks. Fortunately through the operation of the Aldrich Vreeland act and the energetic assistance of the government, the emergency has been well met. Some of the propositions advanced have an inflationary tendency; but as time limits have been placed upon their operation, it is not likely untoward results will follow.

President Wilson is pushing his shipping bill with his usual vigor. It now looks as if the plan for the government purchase of ships to the extent of \$30,000,000 will be adopted by Congress. With President Wilson's desire to establish an American marine, all good Americans will agree. But government purchase of ships meets with strong opposition in some quarters for the reason that there is plenty of available tonnage seeking employment, although much of that

offered for sale is not of a suitable type. Moreover, private capital is likely to hesitate to enter into competition with the government; hence it may prove of no real aid in the establishment of a legitimate American merchant marine, as the cost of running is apt to be more than under private enterprise. In the end the prospects are that the transaction will prove to be a losing one for the government, and we shall be fortunate if we escape foreign complications. On the other hand, President Wilson ought to be commended in his desire to suspend for a period the restrictions which prevent private ownership of American ships. The excessive cost of building and operating American ships is the main reason for the American ship owners operating under foreign flags. Shipping is a business subject to keen competition and those who enter it cannot succeed unless they go in upon the same basis as those who have already succeeded in advance. They must buy the ships, their supplies and their labor under the most advantageous circumstances. Our laws for many years have prevented this policy. In some respects these laws have been modified; but the remaining restrictions are too severe to permit of profitable operation, and the American ship owner is compelled to hide his property under other flags and depend upon foreigners for protection to American property. President Wilson will do well to suspend these restrictions as far as with in his power. Ultimately they should be removed.

As regards the war our government has properly taken the stand of neutrality and must stick to it implicitly, come what may, more especially as it is far from creditable to any nation be connected with, countenance or endorse, such a hellish, barbaric, brutal slaughter as is now going on between the heretofore considered highly civilized peoples of Europe. I applaud our government for the attitude it has taken. The effects of the war, however, are not confined to the nations involved; there are 100,000,000 people in this country suffering serious consequences from it and they are therefore entitled to have a voice in the matter. I advise our citizens to individually assert themselves and insist that this war must stop, and I call upon them to use their influence with voice and pen in that direction for the sake of humanity and civilization as well as on account of their personal interests which are now suffering such severe injury. At present there are hundreds of thousands of industrious, honest and capable people in this country who are almost on the starvation list because of being thrown out of employment, and their numbers are being largely added to each day. Have they no right to live and be happy? Our whole nation sympathizes with them in their distress. There is scarcely a single household in this country today that is not made miserable and unhappy because of the dreadfully inhuman conflict now waging, but if each nation engaged in it would reflect and decide hostilities, call it a draw, if you will, I am almost sure a truce could be declared which would eventually result in permanent peace—"a consummation devoutly to be wished." This war is nothing but a carnival of blood and frenzied massacre, and it should end.

A committee, composed of Supervisor Banks, Burkett and Dysart was appointed by Chairman C. C. Buckaloo on the motion of the board to draft resolutions in honor of the memory of the late O. B. Anderson, who was a member of the board of supervisors and has passed away since the last board meeting.

The appointment of John Sterling as supervisor from Dixon to fill the office made vacant by the death of Supervisor Anderson was unanimously confirmed by the board.

A motion to refer the county bills to the proper committee was passed.

ELDENA WON FROM LEE CENTER SUNDAY

GOOD GAME PLEASED LARGE CROWD—THE SCORE WAS 8 TO 5.

Eldena took Lee Center's measure at Eldena Sunday afternoon by a score of 6 to 5. Both teams put up good baseball, although Eldena's fielding was superior to the opposing team's. Since Eldena's defeat at Compton a small change has been made in the infield which has increased the efficiency of the team; and it is expected that the organization will put up some fast games the rest of the season. In Sunday's game Shipper and McLean did the twirling for Eldena, while the Callahan batters were in the points for Lee Center. The play was witnessed by a large and enthusiastic crowd.

Score:

Eldena	1	0	1	0	2	0	4	0	x	—8
Lee Center	0	1	0	0	4	0	0	0	0	—5

KAISER WITNESS AT NANCY

Cerman Emperor Saw Opening of Engagement at Border.

London, Sept. 8.—The following official German report was received by the Marconi company from Berlin: "The Kaiser was present at the attack on the fortifications at Nancy and witnessed the opening of the engagement. Two forts at Manhouse have fallen. A heavy artillery fire was directed against the town, which is now burning at several points. "General Quartermaster Von Stein reports as follows from headquarters: "From papers which have fallen into our hands, it is evident that the appearance to the north of the Belgian-Meuse of the armies commanded by General Kluck and General Buelow considerably surprised the enemy, who even so late as Aug. 27, believed only German cavalry to be situated there. This is evidence of the splendid covering movement of the cavalry led by General Von Der Harwitz. "The German troops are bombarding Fort Termonde, northwest of Brussels."

FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Piqua, Ohio.—"I would be very ungrateful if I failed to give Lydia E. Pinkham's Vegetable Compound the praise it deserves, for I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pains in my hips and over my kidneys, headache, dizziness, lassitude, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it has built me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. ORPHEA TURNER, 431 S. Wayne St., Piqua, Ohio.

Women who are suffering from those distressing ills peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

WEST BROOKLYN

Regular monthly meeting of St. Mary's Catholic Order of Foresters in the club rooms on Thursday night. As this is a very important meeting a large attendance is desired by the officers.

Joseph E. Vincent and son George were business visitors in town Thursday.

F. W. Meyer returned home from Chicago on Thursday night from a two days' shopping visit.

Quite a number from here were in Compton Friday to attend the old settlers' meeting.

Mr. and Mrs. Emerson Long of Amboy were the guests of Mr. and Mrs. M. E. Long and family in our town Friday.

John C. Henkel of South Brooklyn was here on business Thursday afternoon.

J. W. Thier returned home on last Thursday evening after a day's trip to Chicago.

Peter Barnickel was here Friday on business.

The school children have been busy during their free hours this week erecting a new basketball court on the school house campus. The game is very much enjoyed by the local pupils who are able to play an excellent game.

Messrs. F. L. Oester and Edward Henry received another car load of beer on Friday, storing the refreshment in their ice houses for retail purposes.

F. M. Yocum is the proud possessor of a photograph of a bolt of lightning taken by himself and son Floyd during a recent storm in the heavens north of here. This picture was taken at about 10 o'clock in the night and is worth a great deal for any one to see. Mr. Yocum and his son are very good artists in this line and have a number of extraordinary views taken by themselves which are not often duplicated by amateurs. One of these is the photo of a fast moving train, showing very distinctly the letters up on the cars. Another is the picture of Mr. Yocum's auto moving at a rapid pace. This view very distinctly reproduces the wheels of the car showing the spokes clearly. Pictures of wheels that are turning rapidly usually have the spokes run together and they are not distinguishable from each other.

Frank Bresson of Viola township was visiting his many friends here Thursday.

Mr. and Mrs. Henry W. Gehant returned home on Thursday evening after enjoying their honeymoon trip very much. A good part of the time was spent in attending the Kankakee fair at Kankakee. They also visited for a couple of days in Chicago.

John Haub was in West Brooklyn transacting business on Thursday afternoon.

St. Mary's court of Foresters held a special meeting in the club rooms on Thursday night to act upon some matters which had to come to the attention of the officers since the last meeting and which needed attention of the court before the regular meeting next Thursday. Twenty-two new candidates were voted upon for membership and accepted. They will be initiated into the order on Sunday.

October 3rd. It is very likely that a banquet will also be given at that time in honor of the new class. Since the membership of the local court has grown so large it has been found necessary to seek larger quarters for a club room and a committee was also appointed at the special meeting to look up other locations in town to where the club rooms might be transferred.

George Dinges was here Friday from South Brooklyn.

Friday morning was candidate day in West Brooklyn. Nearly the entire democratic ticket in the county was in town during the morning including Frank E. Stevens for senator. Others here were Frank Vaughan, John Armstrong and Geo. J. Fruin Wm. G. Kent, Edwin Rosecrans, A. T. Tourtellott, candidate for sheriff on the republican ticket being here Thursday afternoon.

David O. Fairchild has on exhibition at the bank four ears of corn raised on his farm which are hard to beat. So far no one has equaled them in quality nor appearance and Mr. Fairchild is happy over his crop and the farm as well.

Wm. Eich Jr. was here from Mendota Friday.

Charles Zinke visited his friends in town Friday.

Henry Ladenberger and George P. Yost of Mendota were over and spent the day Thursday with their many friends and old neighbors in West Brooklyn.

Faley Bresson was here from Viola Friday.

H. A. Bernardin returned home on Thursday evening from Chicago, at which place he has been for several days buying.

Wm. E. Bauer was here on Thursday.

I have several thoroughbred Duroc Jersey male pigs for sale at a reasonable price if taken soon. W. A. Mireley, R. 1, West Brooklyn, Ill.

Edward Henry sold another auto this week, this time to Walter Corn of route 2.

William Harrison of Dixon motored to West Brooklyn on Thursday and spent the afternoon with his old neighbors.

The progress made in the erection of the F. D. Gehant hardware building this week finds the stock all removed from the old frame structure and the walls torn away and replaced with concrete ones. The floor is being lowered and an extension being made on the north and east sides. Although it is very inconvenient for the present to have his store all torn with disorder Mr. Gehant will soon have everything rearranged in fine shape and will then be reaping the advantage of his rebuilding.

Gus Shanaberg of Ashton was in town Friday afternoon doing some shopping.

Joseph Bieschke of Viola township transacted business here Thursday.

G. L. Nelles of Dixon motored to West Brooklyn on Friday for a chat with friends.

Mr. and Mrs. Joseph Graf were calling upon relatives and friends here Friday.

The Foresters are busy arranging for their annual Seelig's ball in this city next month. Watch for the date.

Wm. Bittner was here from South Brooklyn Friday.

Look Ahead.

Work along well defined lines, do not scatter; concentrate.

Considering business growth, selecting best lines of operation, concentrating your energy means business success. This is not accomplished without good financing. Use the check account system of this bank, it will operate to your advantage. Open your check account here, now.

IT'S HARD TO WORK

When Suffering from Kidney Ills.—Many Dixon People Find This To Be True.

What's so hard as a day's work with an aching back?
Or sharp "stabs" of pain with every sudden twist or turn?

There is no peace from the dull ache—
No rest from soreness, lameness and weariness. If the kidneys are disordered, you can't reach the cause too soon.

Neglect is often fatal.
Weak kidneys need prompt attention.

Begin using Doan's Kidney Pills at once—
A tested and proven kidney remedy.

Dixon readers should find new in the following statement
John Salzman, 102 Artesian ave. Dixon, says "I had backache a great deal and pains across my loins. My kidneys didn't act regularly and I felt miserable in every way. Finally I used Doan's Kidney Pills, procured at Leak Bros' Drug Store and they did good work in relieving me. I keep a supply of them in the house now and whenever I take them, they help me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Salzman had. Foster-Milburn Co., Props., Buffalo, N. Y.

WILSON SEEKING COLORADO PEACE

President Submits Plan for a Three-year Truce.

ACTION ONE OF PATRIOTISM

In Urging Acceptance of Plan Reference is Made to European War—Wants "Untoward and Threatening Circumstances" Taken Out of United States—Would Protect All.

Washington, Sept. 8.—President Wilson submitted a plan for a three years' truce to all parties in the Colorado mining strike. The president urges the acceptance of this plan on patriotic grounds, alluding to the European war and the need that "all untoward and threatening circumstances" be taken out of the life of the people of the United States. At the same time the president serves warning on operators and miners that federal troops have remained about as long as they ought to remain doing police duty in the strike districts.

This action by the president will again necessitate a decision by the Rockefeller interests as to whether they will make concessions in the vital principles involved in the strike. Thus far John D. Rockefeller Jr. has indicated a purpose of fighting it out to the very end.

The president points out that there are important public interests involved in the existing controversy aside from those of the two contending parties. The plan he submits was evolved by two representatives of the government who have studied the issues in the strike for several months with a view to finding a solution.

President's Plan.
The plan contemplates establishment of a truce for three years during which the state mining and labor laws shall be enforced and the restoration to employment of all striking miners who have not been guilty of violation of laws. Intimidation of non-union or union men is to be prohibited and wage scales are to be posted at each mine. A grievance committee is to be chosen by the employees of each mine which shall be entrusted with treating with the employer when trouble arises.

A commission of three to be appointed by the president is to be the appeal body to which grievances that cannot be otherwise settled are to be taken.
The president sent a letter outlining the government's plan to the president of the Colorado Fuel and Iron company, the chairman of the Victor-American Fuel company, the president of the Rocky Mountain Fuel company and the officers of the United Mine Workers of America.

Watermelon Holds 10-Cent Piece.
Evansville, Ind., Sept. 8.—When J. F. Forth, living on the Mt. Vernon road, near this city, cut into a watermelon he found a 10-cent piece imbedded in the heart. He declares the melon had not been plugged and that there was no hole through which the coin could have been inserted.

Paris Adds Heavy Guns.
London, Sept. 8.—The Daily News says that heavy guns from Calais, Boulogne and Cherbourg have been sent to Paris to reinforce the defense. Twenty-five thousand marine fusiliers have entered Paris and been sent out to the forts.
